

# Transport Accessories.

# Just add adventure.

It's all about living the life you want. Adapt your SEAT to your lifestyle with quality SEAT Accessories that are specifically designed for your model. Add-ons that are easy, safe and come with a SEAT warranty. So you can do what you love, worry-free.

## Roof box.

Road trip? Get the extra space you need with these weather-resistant roof boxes. They come in a range of 400l to 460l and use a double-opening system so you can easily access your gear.

# Born to ride.

## **Bike rack.**

This aerodynamic bike rack can easily transport up to 20kg. Safely keep the frame and wheels in place with secure straps and anchors that are specifically designed to protect the bike's parts. It also complies with the standard city crash test, so you can put your mind at ease. And assembly's a cinch, without the need for any tools.

## **Towing bike rack.**

Taking on the road on 2 wheels? With the towing bike rack, you can transport up to 3 bikes with an extension set. It's even adapted for e-bikes. Tailored to your SEAT, it complies with all our quality tests. And with an easy-loading tilt system, you'll be on your way to the trails, or the winding road, in no time.

# Ski rack and Ski Rack Xtender.

You'll be hitting the slopes in no time with this easy-to-install ski rack. No tools required. There's even an easy-mounting, extendable version for SUVs. Rubberised bars make sure your skis are protected and secure. Going with friends? Transport up to 4 pairs of skis or 2 snowboards or up to 6 pairs of skis or 4 snowboards with the Ski Rack Xtender.

## Level up.

### Roof bars.

Developed by SEAT R&D, these aerodynamic roof bars make it easy to transport larger goods while improving running noise, air resistance and fuel consumption. Weather- and theft-resistant, their functional design has also undergone City Crash testing.

### Load-stop rack.

Safely transport goods with the handy load-stop rack that firmly holds cargo in place and avoids shifting while en-route.

## Surf rack and inflatable surf rack.

Dawn patrol just got easier with this convenient surf rack that adapts to any board's shape. It carries up to 2 boards and is equipped with an anti-theft system. If you own a SEAT Arona, you can also opt for the durable inflatable surf rack. Quick to install, it can easily be removed and stored when the season's over.

## Tow bar.

Hitting the road to adventure with your caravan or boat? Whatever you decide to take with you, hitch it up to your vehicle with the tow bar that's fully integrated and connected to the car's control unit. Available in removable or pivoting ball versions, it's fast and easy to assemble. It's also made to measure and approved by SEAT as standard original equipment, so it's compatible with your car's safety systems and ensures safe driving with towing devices and load-carrying systems.

# Every inch covered.

## **Boot organiser.**

Everything in its place. Organise smaller loads by placing them in the boot with this handy aluminium divider that ensures all your equipment is organised. Placed along the outer edge of the loading surface with clamps, it has a telescopic bar that ensures a secure hold.

## **Reversible boot mat.**

Made to resemble and fit the luggage compartment floor, this reversible mat is made of carpet on one side and plastic on the other. It protects the boot from wet or dirty objects, so it's perfect for throwing your ski boots or wet suit on.

## **Boot tray with high walls.**

Resistant, waterproof and easy to clean – this protective boot tray has high plastic walls that prevent cargo from shifting.
